

VWR[®] STRIPED SAFETY TAPE

VWR[®] Striped Safety Tape

These pressure-sensitive tapes are ideal for delineating and color coding specific equipment and areas. The laminated vinyl tapes are wound on a plastic core, are scuff resistant, and hold up well to solvents, humidity, and oil. Available in black/yellow, blue/white, and red/white, the tapes can be used for marking fire equipment/exits, hazardous areas, and first aid points within cleanrooms and controlled environments.

Description	Cat. No.	Unit
Black/Yellow	10841-232	Each
Black/White	10841-234	Each
Red/White	10841-500	Each

Tape Specifications:

Backing:	Pigmented Vinyl Film (Laminated)
Adhesive:	Rubber
Tape Thickness:	9 mil
Adhesion Strength:	17 oz/in.
Tensile Strength:	20 lbs/in.
Elongation:	120%
Temperature:	40°F to 170°F
Roll Size:	5.1cm x 16.5m (2" x 54')
