Entrez GeneID: 128853

Gene Symbol: DUSP15

Gene Alias: FLJ40111, VHY

Gene Summary: The protein encoded by this gene belongs to the non-receptor class of the protein-tyrosine phosphatase family. The encoded protein has both protein-tyrosine phosphatase activity and serine/threonine-specific phosphatase activity, and

therefore is known as a dual specificity phosphatase. Three transcript variants encoding two different isoforms have been found for this gene. [provided by RefSeq]
