# MATERIAL SAFETY DATA SHEET

according to the (US) Hazard Communication Standard (29 CFR 1910.1200)

	Revision Date 08/23/2013	Version 1.2
SECTION 1.Identification Product identifier		
Product number	104420	
Product name	Mercury(II) iodide red, extra pure	
Relevant identified uses of the	e substance or mixture and uses advised against	
Identified uses	Reagent for analysis, Chemical production	
Details of the supplier of the s	safety data sheet	
Company	EMD Millipore Corporation   290 Concord Road, Billerica, MA 01821 United States of America   SDS Phone Support: +1-978-715-1335   General Inquiries: +1-978-715-4321   Monday to Friday, 9:00 AM to 4:00 PM Eastern Time (GMT-5)	
Emergency telephone	800-424-9300 CHEMTREC (USA) +1-703-527-3887 CHEMTREC (International) 24 Hours/day; 7 Days/week	

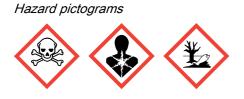

# **SECTION 2. Hazards identification**

GHS Classification

Acute toxicity, Category 2, Oral, H300 Acute toxicity, Category 2, Inhalation, H330 Acute toxicity, Category 1, Dermal, H310 Specific target organ systemic toxicity - repeated exposure, Category 2, Kidney, H373 Acute aquatic toxicity, Category 1, H400 Chronic aquatic toxicity, Category 1, H410

For the full text of the H-Statements mentioned in this Section, see Section 16.

### **GHS-Labeling**

*Signal Word* Danger

### Hazard Statements

H300 + H310 + H330 Fatal if swallowed, in contact with skin or if inhaled. H373 May cause damage to organs (Kidney) through prolonged or repeated exposure.

Product number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	

H410 Very toxic to aquatic life with long lasting effects.

Precautionary Statements

P273 Avoid release to the environment.

P280 Wear protective gloves/ protective clothing. P302 + P352 IF ON SKIN: Wash with plenty of soap and water.

P304 + P340 IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P309 + P310 IF exposed or if you feel unwell: Immediately call a POISON CENTER or doctor/physician.

### **OSHA Hazards**

This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

### Other hazards

None known.

#### SECTION 3. Composition/information on ingredients

Formula	Hgl₂ (Hill)
CAS-No.	7774-29-0
Molar mass	454.39 g/mol

#### Hazardous ingredients

Chemical Name (Concentration) CAS-No. Mercury(II) iodide (>= 90 % - <= 100 % ) 7774-29-0

### **SECTION 4. First aid measures**

#### Description of first-aid measures

*General advice* First aider needs to protect himself.

#### Inhalation

After inhalation: fresh air. If breathing stops: immediately apply artificial respiration, if necessary oxygen. Immediately call in physician.

#### Skin contact

After skin contact: wash off with plenty of water. Remove contaminated clothing. Call a physician immediately.

#### Eye contact

After eye contact: rinse out with plenty of water. Immediately call in ophthalmologist.

#### Ingestion

If swallowed: give water to drink (two glasses at most). Seek medical advice immediately. In exceptional cases only, if medical care is not available within one hour, induce vomiting (only in persons who are wide awake and fully conscious), administer activated charcoal (20 - 40 g in a 10% slurry) and consult a doctor as quickly as possible. Subsequently administer: activated charcoal (20 - 40 g in 10% slurry).

Product number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	

Never give anything by mouth to an unconscious person.

#### Most important symptoms and effects, both acute and delayed

Mercury compounds have a cytotoxic and protoplasmatoxic effect. Intoxication symptoms: acute: contact with eye causes severe lesions. Swallowing and inhalation of dusts damages mucous membranes of gastrointestinal and respiratory tract (metallic taste, nausea, vomiting, abdominal pain, bloody diarrhea, intestinal burns, glottal oedema, aspiration pneumonia); drop in blood pressure, cardiac dysrhythmia, circulatory collapse, and renal failure; chronic: inflammation of the mouth with loss of teeth and mercurial line. The principal signs manifest themselves in the CNS (impaired speech, vision, hearing, and sensitivity, loss of memory, irritability, hallucinations, delirium inter alia).

#### Indication of any immediate medical attention and special treatment needed

No information available.

# **SECTION 5. Fire-fighting measures**

#### Extinguishing media

Suitable extinguishing media Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

*Unsuitable extinguishing media* For this substance/mixture no limitations of extinguishing agents are given.

#### Special hazards arising from the substance or mixture

Not combustible. Development of hazardous combustion gases or vapors possible in the event of fire. Fire may cause evolution of: mercury vapors, iodine, hydrogen iodide

#### Advice for firefighters

Special protective equipment for fire-fighters Stay in danger area only with self-contained breathing apparatus. Prevent skin contact by keeping a safe distance or by wearing suitable protective clothing.

Further information

Suppress (knock down) gases/vapors/mists with a water spray jet. Prevent fire extinguishing water from contaminating surface water or the ground water system.

# SECTION 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

Advice for non-emergency personnel: Avoid substance contact. Avoid inhalation of dusts. Ensure adequate ventilation. Evacuate the danger area, observe emergency procedures, consult an expert.

Advice for emergency responders: Protective equipment see section 8.

#### **Environmental precautions**

Do not empty into drains.

#### Methods and materials for containment and cleaning up

Cover drains. Collect, bind, and pump off spills.

Product number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	

Observe possible material restrictions (see sections 7 and 10). Take up dry. Dispose of properly. Clean up affected area. Avoid generation of dusts.

#### SECTION 7. Handling and storage

#### Precautions for safe handling

Work under hood. Do not inhale substance/mixture. Observe label precautions.

#### Conditions for safe storage, including any incompatibilities

Dry. Protected from light. Tightly closed. Keep in a well-ventilated place. Keep locked up or in an area accessible only to qualified or authorized persons.

Storage temperature: no restrictions.

#### SECTION 8. Exposure controls/personal protection

Exposure limit(s) Ingredients Basis	Value	Threshold	Remarks
		limits	
Mercury(II) iodi	de 7774-29-0		
ACGIH	Time Weighted Average (TWA):	0.025 mg/m <sup>3</sup>	Expressed as: as Hg
	Skin designation:		Can be absorbed through the skin. Expressed as: as Hg
	Time Weighted Average (TWA):	0.01 ppm	Form of exposure: Inhalable fraction and vapor.
NIOSH/GUIDE	Ceiling Limit Value and Time Period (if specified):	0.1 ppm	Expressed as: as Hg
	Skin designation:		Can be absorbed through the skin. Expressed as: as Hg
Z1A	Ceiling Limit Value:	0.1 mg/m <sup>3</sup>	Expressed as: as Hg
	Skin designation (Final Rule Limit applies):		Can be absorbed through the skin. Expressed as: as Hg

#### **Engineering measures**

Technical measures and appropriate working operations should be given priority over the use of personal protective equipment.

#### Individual protection measures

Protective clothing should be selected specifically for the workplace, depending on concentration and quantity of the hazardous substances handled. The chemical resistance of the protective equipment should be inquired at the respective supplier.

#### Hygiene measures

Immediately change contaminated clothing. Apply skin- protective barrier cream. Wash hands and face after working with substance. Work under hood. Do not inhale substance/mixture.

*Eye/face protection* Safety glasses

Product number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	

#### Hand protection

Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

*Other protective equipment:* protective clothing

#### Respiratory protection

required when dusts are generated.

Use a properly fitted, air-purifying or air-fed respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

SECTION 9. Physical and chemical properties	
Physical state	solid

Physical state	solid
Color	red
Odor	odorless
Odor Threshold	No information available.
рН	6 - 7 at 50 g/l 68 °F (20 °C) (slurry)
Melting point	259 °C
Boiling point/boiling range	669 °F (354 °C) at 1,013 hPa (sublimed)
Flash point	not applicable
Evaporation rate	No information available.
Flammability (solid, gas)	No information available.
Lower explosion limit	not applicable
Upper explosion limit	not applicable
Vapor pressure	ca.0.006 hPa at  176 °F (80 °C)
	ca.0.001 hPa at  140 °F (60 °C)
Relative vapor density	No information available.

Product number Product name	104420 Mercury(II) iodide red, extra pure	Version 1.2
Relative density	6.36 g/cm³ at 77 °F (25 °C)	
Water solubility	0.06 g/l at 77 °F (25 °C)	
Partition coefficient: n- octanol/water	No information available.	
Autoignition temperature	No information available.	
Decomposition temperature	No information available.	
Viscosity, dynamic	No information available.	
Explosive properties	No information available.	
Ignition temperature	not applicable	
Bulk density	ca.1,350 kg/m³	

### SECTION 10. Stability and reactivity

Reactivity See below

# Chemical stability

Sensitivity to light

### Possibility of hazardous reactions

Risk of explosion with:

Alkali metals

Risk of ignition or formation of inflammable gases or vapors with:

halogen-halogen compounds

# Conditions to avoid

Avoid shock and friction. Strong heating (decomposition).

# Incompatible materials

no information available

### Hazardous decomposition products

in the event of fire: See section 5.

# SECTION 11. Toxicological information

Information on toxicological effects Likely route of exposure Eye contact, Skin contact, Ingestion

Product number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	

Acute oral toxicity LD50 rat: 18 mg/kg (RTECS)

absorption

Acute inhalation toxicity absorption Acute toxicity estimate: 0.051 mg/l Expert judgment

Acute dermal toxicity LD50 rat: 75 mg/kg (RTECS)

absorption

*Sensitization* Sensitization possible in predisposed persons.

*Specific target organ systemic toxicity - single exposure* The substance or mixture is not classified as specific target organ toxicant, single exposure.

Specific target organ systemic toxicity - repeated exposure Target Organs: Kidney May cause damage to organs through prolonged or repeated exposure.

Aspiration hazard

Regarding the available data the classification criteria are not fulfilled.

# Carcinogenicity

IARC	No ingredient of this product present at levels greater than or
	equal to 0.1% is identified as probable, possible or confirmed
	human carcinogen by IARC.
OSHA	No ingredient of this product present at levels greater than or
	equal to 0.1% is identified as a carcinogen or potential
	carcinogen by OSHA.
NTP	No ingredient of this product present at levels greater than or
	equal to 0.1% is identified as a known or anticipated carcinogen
	by NTP.
ACGIH	No ingredient of this product present at levels greater than or
	equal to 0.1% is identified as a carcinogen or potential
	carcinogen by ACGIH.

Further information

Other information

Product number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	

Mercury compounds have a cytotoxic and protoplasmatoxic effect. Intoxication symptoms: acute: contact with eye causes severe lesions. Swallowing and inhalation of dusts damages mucous membranes of gastrointestinal and respiratory tract (metallic taste, nausea, vomiting, abdominal pain, bloody diarrhea, intestinal burns, glottal oedema, aspiration pneumonia); drop in blood pressure, cardiac dysrhythmia, circulatory collapse, and renal failure; chronic: inflammation of the mouth with loss of teeth and mercurial line. The principal signs manifest themselves in the CNS (impaired speech, vision, hearing, and sensitivity, loss of memory, irritability, hallucinations, delirium inter alia).

Further data:

This substance should be handled with particular care.

# SECTION 12. Ecological information

# Ecotoxicity

Toxicity to fish LC50 Leuciscus idus (Golden orfe): 0.13 mg/l; 96 h (Lit.)

*Toxicity to daphnia and other aquatic invertebrates* EC50 Daphnia magna (Water flea): 0.0052 mg/l; 48 h (Lit.)

#### Persistence and degradability No information available.

# **Bioaccumulative potential**

No information available.

#### Mobility in soil

No information available.

*Additional ecological information* Discharge into the environment must be avoided.

### SECTION 13. Disposal considerations

The information presented only applies to the material as supplied. The identification based on characteristic(s) or listing may not apply if the material has been used or otherwise contaminated. It is the responsibility of the waste generator to determine the toxicity and physical properties of the material generated to determine the proper waste identification and disposal methods in compliance with applicable regulations. Disposal should be in accordance with applicable regional, national and local laws and regulations.

### **SECTION 14. Transport information**

Land transport (DOT)	
UN number	UN 1638
Proper shipping name	MERCURY IODIDE
Class	6.1
Packing group	II
Environmentally hazardous	

Air transport (IATA)

<sup>D</sup> roduct number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	
UN number	UN 1638	
Proper shipping name	MERCURY IODIDE	
Class	6.1	
Packing group	II	
Environmentally hazardous		
Special precautions for user	no	
Sea transport (IMDG)		
UN number	UN 1638	
Proper shipping name	MERCURY IODIDE	
Class	6.1	
Packing group	II	
Environmentally hazardous		
Special precautions for user	yes	
EmS	F-A S-A	

# **SECTION 15. Regulatory information**

# United States of America

### **OSHA Hazards**

Highly toxic by ingestion Highly toxic by skin absorption Highly toxic by inhalation

This information is based on 29 CFR 1910.1200 criteria prior to adoption of the GHS, and may deviate from the GHS information on the label and in section 2.

# SARA 311/312 Hazards

Acute Health Hazard

### **SARA 313**

The following components are subject to reporting levels established by SARA Title III, Section 313: Ingredients Mercury(II) iodide

7774-29-0

### **SARA 302**

SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

Product number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	

### **Clean Water Act**

This product does not contain any Hazardous Substances listed under the U.S. CleanWater Act, Section 311,

Table 116.4A.

This product does not contain any Hazardous Chemicals listed under the U.S. CleanWater Act, Section 311,

Table 117.3.

DEA List I Not listed

DEA List II Not listed

#### US State Regulations

#### Massachusetts Right To Know

Remarks

No components are subject to the Massachusetts Right to Know Act.

#### Pennsylvania Right To Know

Ingredients Mercury(II) iodide

#### New Jersey Right To Know

Ingredients Mercury(II) iodide

### California Prop 65 Components

WARNING: This product contains a chemical known in the State of California to cause birth defects or other reproductive harm. *Ingredients* Mercury(II) iodide

### Notification status

TSCA:

All components of the product are listed in the TSCA-inventory.

DSL:

All components of this product are on the Canadian DSL.

### **SECTION 16. Other information**

#### **Training advice**

Provide adequate information, instruction and training for operators.

Product number	104420	Version 1.2
Product name	Mercury(II) iodide red, extra pure	

### Full text of H-Statements referred to under sections 2 and 3.

H300	Fatal if swallowed.
H310	Fatal in contact with skin.
H330	Fatal if inhaled.
H373	May cause damage to organs through prolonged or repeated
	exposure.
H400	Very toxic to aquatic life.
H410	Very toxic to aquatic life with long lasting effects.

#### Key or legend to abbreviations and acronyms used in the safety data sheet

Used abbreviations and acronyms can be looked up at www.wikipedia.org.

Revision Date08/23/2013

The information contained herein is based on the present state of our knowledge. It characterizes the product with regard to appropriate safety precautions. It does not represent a warranty of any product properties and we assume no liability for any loss or injury which may result from the use of this information. Users should conduct their own investigations to determine the suitability of the information.
