

# SAFETY DATA SHEET

Revision Date 30-May-2017

**Revision Number** 2

|  | 1. Identification  |
|--|--|
| Product Name                                     | 4-Methoxyphenacyl chloride   |
| Cat No. :  | AC425260000; AC425260010   |
| Synonyms   | None Known.  |
| Recommended Use<br>Uses advised against          | Laboratory chemicals.<br>Not for food, drug, pesticide or biocidal product use |
| Details of the supplier of the safety data sheet |  |

### **Company**

Fisher Scientific One Reagent Lane Fair Lawn, NJ 07410 Tel: (201) 796-7100 Acros Organics One Reagent Lane Fair Lawn, NJ 07410

### **Emergency Telephone Number**

For information **US** call: 001-800-ACROS-01 / **Europe** call: +32 14 57 52 11 Emergency Number **US**:001-201-796-7100 / **Europe**: +32 14 57 52 99 **CHEMTREC** Tel. No.**US**:001-800-424-9300 / **Europe**:001-703-527-3887

### 2. Hazard(s) identification

### Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Skin Corrosion/irritation Serious Eye Damage/Eye Irritation

Category 1 B Category 1

### Label Elements

Signal Word Danger

#### **Hazard Statements**

Causes severe skin burns and eye damage

### Precautionary Statements Prevention

Do not breathe dust/fume/gas/mist/vapors/spray Wash face, hands and any exposed skin thoroughly after handling

Wear protective gloves/protective clothing/eye protection/face protection Response Immediately call a POISON CENTER or doctor/physician Inhalation IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Skin IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower Wash contaminated clothing before reuse Eyes IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Ingestion IF SWALLOWED: Rinse mouth. DO NOT induce vomiting Storage Store locked up Disposal Dispose of contents/container to an approved waste disposal plant Hazards not otherwise classified (HNOC) None identified

## 3. Composition / information on ingredients

| Component   |   | CAS-No               | Weight % |
|---|---|----------------------|----------|
| 4-Methoxyphenacyl chloride                        |   | 2196-99-8            | 97       |
| 4. First-aid measures                             |   |                      |          |
| Eye Contact                                       | Immediate medical attention is required. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.   |                      |          |
| Skin Contact                                      | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Immediate medical attention is required.  |                      |          |
| Inhalation  | Remove from exposure, lie down. Move to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration. Immediate medical attention is required.  |                      |          |
| Ingestion   | Do not induce vomiting. Never give anything by mouth to an unconscious person. Drink plenty of water. Call a physician immediately. If possible drink milk afterwards.  |                      |          |
| Most important symptoms/effects                   | Causes burns by all exposure routes. Product is a corrosive material. Use of gastric lavage or emesis is contraindicated. Possible perforation of stomach or esophagus should be investigated: Ingestion causes severe swelling, severe damage to the delicate tissue and danger of perforation |                      |          |
| Notes to Physician                                | Treat symptomatically   |                      |          |
|   | 5. Fi   | re-fighting measures |          |
| Suitable Extinguishing Media                      | Carbon dioxide (CO <sub>2</sub> ). Dry chemical. Chemical foam.   |                      |          |
| Unsuitable Extinguishing Media                    | No information available  |                      |          |
| Flash Point<br>Method -                           | No information available<br>No information available  |                      |          |
| Autoignition Temperature<br>Explosion Limits      | No information available  |                      |          |
| Upper<br>Lower<br>Sensitivity to Mechanical Impac | No data available<br>No data available<br>Int No information available  |                      |          |

### Sensitivity to Static Discharge No information available

### **Specific Hazards Arising from the Chemical**

Keep product and empty container away from heat and sources of ignition.

### Hazardous Combustion Products

Carbon monoxide (CO) Carbon dioxide (CO2) Chlorine

**Protective Equipment and Precautions for Firefighters** 

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Thermal decomposition can lead to release of irritating gases and vapors.

Methods for Containment and Clean Sweep up or vacuum up spillage and collect in suitable container for disposal. Up

|  | 7. Handling and storage   |
|--|---|
| Handling   | Do not breathe dust. Do not breathe vapors or spray mist. Do not get in eyes, on skin, or on clothing. Use only in area provided with appropriate exhaust ventilation.  |
| Storage  | Keep in a dry, cool and well-ventilated place. Keep container tightly closed. Corrosives area.  |
| 8. E   | xposure controls / personal protection  |
| Exposure Guidelines                                    | This product does not contain any hazardous materials with occupational exposure limitsestablished by the region specific regulatory bodies.  |
| Engineering Measures                                   | Ensure adequate ventilation, especially in confined areas. Ensure that eyewash stations and safety showers are close to the workstation location.   |
| Personal Protective Equipment                          |   |
| Eye/face Protection                                    | Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.   |
| Skin and body protection                               | Wear appropriate protective gloves and clothing to prevent skin exposure.   |
| Respiratory Protection                                 | Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149. Use a NIOSH/MSHA or European Standard EN 149 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced. |
| Hygiene Measures                                       | Handle in accordance with good industrial hygiene and safety practice.  |

| Other Adverse Effects                              | The toxicological properties have not been fully investigated.   |
|  | 12. Ecological information   |

Ecotoxicity

Do not empty into drains.

Waste Disposal Methods

| Mobility                             | No information available. |
|--------------------------------------|---------------------------|
| <b>Bioaccumulation/ Accumulation</b> | No information available. |
| Persistence and Degradability        | No information available  |

13. Disposal considerations

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification.

| 14. Transport information |                            |

#### **International Inventories**

Legend: X - Listed

E - Indicates a substance that is the subject of a Section 5(e) Consent order under TSCA.

F - Indicates a substance that is the subject of a Section 5(f) Rule under TSCA.

N - Indicates a polymeric substance containing no free-radical initiator in its inventory name but is considered to cover the designated polymer made with any free-radical initiator regardless of the amount used.

P - Indicates a commenced PMN substance

R - Indicates a substance that is the subject of a Section 6 risk management rule under TSCA.

S - Indicates a substance that is identified in a proposed or final Significant New Use Rule

T - Indicates a substance that is the subject of a Section 4 test rule under TSCA.

XU - Indicates a substance exempt from reporting under the Inventory Update Rule, i.e. Partial Updating of the TSCA Inventory Data Base Production and Site Reports (40 CFR 710(B).

Y1 - Indicates an exempt polymer that has a number-average molecular weight of 1,000 or greater.
Y2 - Indicates an exempt polymer that is a polyester and is made only from reactants included in a specified list of low concern reactants that comprises one of the eligibility criteria for the exemption rule.
